The Adorer Missionary sisters of the Poor is a young Religious Community of women which was Founded in 2013 in Moshi, Diocese Tanzania, Africa.

The Mission of Adorer Missionary Sisters of the Poor is two-fold: To Adore Jesus in the Most Blessed Sacrament and to Serve the Poor and the Marginalized especially orphaned and the street children.

Kenya, has (2,500,000), orphans and 300,000 of them, live in the Streets. The Adorer Missionaries Sisters of the Poor, are raising funds to equip St. Joseph rescue Home to help street children get out of the dangerous street life HIV/AIDS has killed many parents in Africa and children pay a big price!

The loss of mom and dad for any child is both devastating and challenging! When parents die, some children lose everything. They are left without food, housing, school supplies and other necessities of life.

To suppress hunger some children sniff jet fuel to get high and forget their problems. Many don't live to celebrate their 15th Birthday!

Every night they sleep hungry, cold, on pavements without a mattress or blanket. During rainy season, many catch cold but there is no medicine for them. Some die alone in the streets or in ditches.

***Your Generosity is a Gift of Life to a Street Child. And my prayer is that you will say YES to them***

Frustrated with life some move to the streets in search of green pastures. To their surprise they soon realize they have to sleep on sidewalks, ditches and even compete or food wit scavenger birds rom trash.

We need \$45,000 to buy beds/beddings, clothing, food, salaries for 5 staff members, medicines, tables, desks, chairs, books, etc.

***Any Amount is greatly appreciated! God Bless you.***
